

1st Swiss Enterovirus Symposium – Programme

Day 1 – Monday, 05 October 2026

15:30–18:00	Registration
18:00–18:15	Opening and Welcome
18:15–19:00	Keynote I – Heli Harvala: Enteroviruses – Harmless Fellow Passengers or the Next Disease X?
19:00–21:00	Dinner

Day 2 – Tuesday, 06 October 2026

07:30–09:00	Breakfast
09:00–09:10	Introduction
09:10–09:45	Keynote II – Javier Martin: Poliovirus and Beyond: Enterovirus Genomics in Wastewater
09:45–10:45	Lecture Session I – Epidemiology & Surveillance I 1. Aurora Hirvonen: Global epidemiology and genetic evolution of enterovirus D68 over a decade (2015–2024): a systematic review 2. Margarita Pons Salort: Reconstructing enterovirus D68 clade-specific transmission dynamics using Bayesian phylodynamics and association with acute flaccid myelitis cases 3. Itay Bar-Or: Under the Radar: Wastewater Surveillance Reveals Continuous EV-D68 Circulation in Israel, 2024–2025
10:45–11:15	Coffee Break
11:15–11:50	Keynote III – Katharina Röltgen: Reading infection histories from antibodies: longitudinal serology from SARS-CoV-2 to enteroviruses
11:50–12:50	Lecture Session II – Epidemiology & Surveillance II 1. Christopher Bell: From local outbreak to international insight: detecting and managing emerging enterovirus threats through England's integrated surveillance system 2. Laura Pellegrinelli: Culture-based wastewater surveillance reveals successive epidemic waves of infectious enterovirus genotypes in Milan, Italy, 2023–2026 3. Bélélé Siméon Bakyono: Genetic origins and circulation of emerging EV-A71 recombinant lineages in Europe, 2014–2024
12:50–13:50	Lunch
13:50–16:00	Social Activity
16:15–16:50	Keynote IV – Kevin Messacar: A Two-Way Lens: Clinical Insights Into and From Multimodal Enterovirus Surveillance

16:50–17:30	Poster Flash Talks (3 min each) 1. Bélélé Siméon Bakyono: Recombination-driven evolution of Cocksackievirus A4 and its links to emerging EV-A71 lineages 2. Arthur H. Totten: Whole genome sequencing of the re-emergent Enterovirus Echovirus 17 cluster in New York State in 2026. 3. Salomé Lochmann: Comparative seroprevalence and immune profiling of enteroviruses in European and African populations 4. Charles N. Agoti: Genomic Insights into Community Transmission of Cocksackievirus A24 Variant during the 2024 Acute Hemorrhagic Conjunctivitis Outbreak in Coastal Kenya 5. Karen Fuentes: Exploring whole genome sequence methodologies to optimise enterovirus surveillance: a work in progress 6. Elke Wollants: Enterovirus surveillance in Belgium in 2026: Increased detection and predominance of Echovirus 9 7. Anna Parker: Pathoplexus: Prompt, Principled and Portable Viral Genome Sharing 8. Nadia Neuner-Jehle: Phylogenetic Analysis of Non-Polio Enteroviruses to Develop a Scalable Nomenclature System
17:30–19:00	Coffee & Poster Session
19:00–21:00	Dinner

Day 3 – Wednesday, 07 October 2026

07:30–09:00	Breakfast
09:00–09:10	Introduction
09:10–09:45	Keynote V – Florian Zwagemaker: Ten Years of Modernizing Pathogen Data Infrastructure: How Scalable Platforms Enable Enterovirus Surveillance
09:45–10:45	Lecture Session III – Bioinformatics & Tools 1. Alejandra González Sánchez: EVOLVE: EnteroVirus OnLine tools for Viral Epidemiology 2. Lauren McCormick: Enterovirus Recombination: A Comparative Analysis 3. Neta Zuckerman: Beyond consensus genomes: Insights from poliovirus wastewater surveillance into strain-level resolution of mixed populations
10:45–11:15	Coffee Break
11:15–12:20	Lecture Session IV – Viral Fitness & Dynamics 1. Denny Trimcev: Deep Sequencing Maps Quasispecies Dynamics and the Fitness Landscape of Poliovirus 2. Stefano Giunta: Targeting rhinovirus IRES as new approach for antivirals 3. Merav Weil: Tracking Enteroviruses Outbreaks Through Environmental Surveillance and Molecular Epidemiology: Polio as Model
12:20–13:20	Lunch
13:20–16:15	Social Activity
16:30–17:30	Coffee & Poster Session
17:30–18:45	Breakout Discussions
18:45–19:15	Meeting Summary & Closing Remarks
19:15–22:00	Closing Dinner

Day 4 – Thursday, 08 October 2026

07:30–09:00	Breakfast
09:00–09:15	Introduction
09:15–10:45	Workshop (Part 1)
10:45–11:15	Coffee Break
11:15–13:00	Workshop (Part 2)
13:00–14:00	Lunch – close of symposium
